

Transience — Paperworks Inc.

Belconnen Arts Centre
Incorporated **invites** you
to the opening of ...

Transience - Paperworks Inc. 10 - 28 August 2011 > Foyer

To be opened at 6 - 8pm, Friday 12 August 2011, by Dr. Chris Bourke, MLA, Member for Ginninderra

Transience explores the evanescent through the use of a variety of plant fibres which metaphorically express fragility. The plant fibre materials the Paperworks Inc. artisans employ are delicate in appearance, a reflection of the inherent fragile essence of each human being. The nuances of colour and texture exhibited by the fibrous pieces are reminiscent of seasonal change, a cyclical progression through space and time. Each of the ephemeral pieces, created from a variety of grasses and other plant fibres echoes the fleetingness of temporal life.
