Total Order			

* If we say approximate, it means our dimensions could be slightly larger or smaller.

- A5 would be approximately the size of an A4 sheet folded in half
- A6 would be a quarter of an A4 sheet or half of an A5 and
- A7 would be a quarter of an A5 sheet or half of an A6
- And if card sized deviate, they will still fit in the envelopes provided.

Paperworks evolved out of the needs of a group of people, usually marginalised due to the limitations of their abilities, to engage meaningfully with their community. Traditional crafts (Bookbinding, Papermaking and Marbling) are applied to a contemporary culture where collective manufacturing provides participants with a skills development opportunity.

Utilising their understanding of these crafts within an interactive micro community, the individuals within Paperworks contribute to the development of each unique product. Please support their efforts, and buy a Paperworks product for a friend today.
